## About Me

I'm a passionate programmer, exploring various technologies and programming languages such as C, Java, Python, JavaScript, and more. I enjoy solving mathematical problems, which fuels my interest in programming and software development, and continue...

## Highlights

### 5+ Programming Languages

I have hands-on experience with more than five programming languages, and I am always eager to learn new technologies.

### Curious Problem Solver

My curiosity for solving mathematical problems naturally extends into critical challenges.

### Independent and Fast Learner

I have the ability to quickly grasp new technologies on my own. My self-driven learning approach allows me to do so effectively.

## Education

### B.Tech Information Technology

Jayaraj Annapacklyam CSI College of Engineering ,Nazareth

2023 - 2027

## Skills

- React.js
- Express.js
- Python
- Git & Version Control
- Linux Command Line
- Problem Solving
- Adaptability
- Java
- C

## Projects

### Personal Portfolio

A self-designed and deployed portfolio showcasing my skills, projects, and information.

**Stack:** React.js, GitHub Pages
